EAGLE EQUITY

WHAT IS EAGLE EQUITY?

Agents are treated like partners and are compensated accordingly.

The Innovative Eagle Equity Program

Eagle Agents receive a weekly commission, but they also accumulate equity-like “shares” based on their financial contribution. This built-up equity is cashed out when Eagle Transportation sells.

The Equity agents build allow agents to:

- Build value
- Maintain ownership of their own business

Eagle Equity is a unique opportunity for agents to build their business while taking advantage of Eagle’s experience and infrastructure.

Be treated like the owner you are, become an Eagle.
